"Thank you for a wonderful seminar, it was good on so many points. The testimonials you spoke of and watching and interacting with the different protocols helps everyone enormously. Your course was informative and interactive which gave us practice and examples of what it can do was most important."

"I really enjoyed yesterday, though was completely exhausted by the time I got home! It did occur to me that if Debra's frequent use of self-scenario in any way contributed towards her indefatigability, then she is a great advertisement for it and I shall step up my use - once I have bought a new battery!"

J.B (UK)

"Hi Debra, I just wanted to say thank you for the home device training. I found it very informative and I now feel more comfortable with the machine and how it can help me to adapt ;). It was also great meeting other trainees with different life scenarios they were very nice people. I also wanted to compliment you on your training skills you never seem to run out of enthusiasm and energy!"

You did a fantastic job in organizing everything around the seminar and keeping everybody happy, well done. I have and will talk about those 3 days a lot to everybody here and abroad. On top of learning new techniques, I really enjoyed having met you all in the UK and having made so many friends, whom I hope I will keep in touch with and see again soon."

"Dear Debra, Thanks again for all the work you do to help us increase our Scenar expertise. This last workshop was especially useful for me as I have now some protocols to play with when I have a small amount of time without bothering anybody else! This in the past been a contributing factor for my device staying packed away. No excuse now!"

"Dear Debra. Many, Many thanks for organizing the training last Sunday. I thought it was a fabulous course and I am still buzzing! Have already used all my new accessories and my daughter is very keen to have a go! It may not surprise you, but my cat can't get enough of being on me when I am using the device with the accessories! I am sure she will love the sock when it arrives! Please pass on my thanks again to Prof Revenko and Elena for delivering a very stimulating self-treatment course - great timing and just what I needed!! It was lovely to meet you and thanks again for keeping in touch!"

"Debra, thank you for a super workshop...we are so lucky to have Sasha and Elena to support us at such short notice and most of all you for pulling it all together so professionally....I am so pleased that they created this workshop as we spend a lot of time giving and so many of us are isolated practitioners without someone to go to help us, so thank you"
